Note :

- All storage charge will be paid at a full daily rate for any period less than one day ( calendar date ) , while that of the perishable cargo will be paid at a full 12-hours rate for any period less than 12 hours.
- All storage charge will be paid on actual gross weight, or volume weight, whichever is higher. The fraction of a kilogram will be charged as a kilogram and fraction of a dollar rounded off to a dollar.
- Where the import shipment from a flight enters warehouse in several batches, the arrival of the first batch will be reckoned as the start of storage period of the whole goods.
- Storage period of shipment in one air waybill shall be counted from the time the first piece of goods entering warehouse. For shipment entering in several batches , the actual time of each batch accepted will be used.  
But export goods entering in several batches in the same day, the storage charge will be reckoned by master air waybill.
- When the shipment in one air waybill contains general and special goods, storage charge will be assessed by general and special goods rates according to the actual weight of each respectively.
- If part of carrier's company goods contain special goods requiring special goods storage, that part of goods shall be charged special goods rates.
- Natural calamity or force majeure, which causes the process of accepting export shipment or delivering import shipment being paused, the charges in the first 3 days in item I. A. 1 and first 2 days in item I. A. 2 and I. B. 1. will be postponed.
- If the "perishable cargo" are news media articles such as newsreel, news photo printed matter, manuscript and newspaper, only **50%** of the normal charge rate should be applied.
- The storage charges of cargo in description I is the accumulation of different segments. The segment is defined by the cargo type and duration of storage. The charge of each segment is based on the charged unit of it.
- Saturdays, Sunday and National Holidays won't be counted in the first 3 days in item I.A.1 Export goods. The cargo on the said date entering the warehouse shall be charged as original rates.
- Where the sea-air transshipment cargo enter TACT KHH warehouse, 20% discount of the normal charge rate should be applied.
- Tact will charge the extra service fee of NTD2.0 per KG, if the general export goods accepted to warehouse is less than (inclusive) 4 hours passenger aircraft departure schedule time, and less than (inclusive) 6 hours for the cargo aircraft departure schedule time. However , if the terminal is congested or is attributable to TACT, the extra service fee will not be charged.
- Where the overweight and oversized super sensitive cargo applies for direct release through apron, 50% charge rate of the item I.A. or I.C. should be applied, but the minimum charge shall be 20,000 NTD.  
TACT will charge the extra handling fee of NTD 0.8 per kg if the service of cargo break-down or build-up is required.
- Where the released bank valuable cargo is handled through perishable cargo area approved by the government, 50% charge rate of the item I. B. 1 should be applied.
- The released import aircraft shall be charged NTD 1,000 for its handling fee.  
This scale of rates is prepared in both the Chinese and English languages of which the Chinese language version will govern in case of discrepancy.
- The related organization what meets the following case, TACT may remit its storage charges if the organization send an official document on request: (1) In connection with the rescue goods and materials from domestic and international charity for the disaster relief activity, (2)The international literature and art activity which exhibit by relevant government agent.

Effective from Jul 1, 2025
